Work on your Case Study and prepare your
presentation
- Day 3 ***Presentations***
Feedback, main issues & questions, close

WELCOME AND SUMMARY FROM DAY 2

Find your institution's online (mission) statements (part of it)

“We profoundly believe in standardising, simplifying and enhancing research impact assessment to enable better research decisions to be made by funders, research institutes and researchers across the world.”

“Delivering knowledge to solve societal challenges.”

“Contribute to national development by supporting, promoting and advancing research through fund and the provision of the necessary research infrastructure, in order to facilitate the creation of knowledge, innovation and development in all fields of science and technology, including humanities, social sciences and indigenous knowledge”

“To create a hub of world-leading research and innovation, adding to the intellectual, social and economic capital of our communities”

“Contributing to solving ethical, political, economic, technological, scientific, cultural-identity, and environmental problems”

Find your institution's online (mission) statements (part of it)

“Solving today’s challenges, creating new opportunities and growing a healthy, sustainable, and prosperous future for people today and for generations to come”

“Provide world-class research, which results in new insights, new solutions to societal challenges and knowledge that changes the world”

“Providing performance-based, institution-focussed funding to deliver excellent research and high-performance knowledge exchange, unlocking potential, generating economic and social impact, and meeting national priorities and global challenges.”

Connecting mission and impact

- "The Obel Family Foundation (DK) supports research activities at the highest level of scientific excellence with the aim of sustaining, developing and supporting a well-functioning, unified civil society ..."
- "Researchers and universities are expected to produce results which are disseminated as widely as possible in society to generate positive impacts that sustain and accelerate civic engagement and social progress"
- "We support basic research and applied research. In both cases, grant applications that account for expected impacts (in terms of real-world implementation of results) will be weighted higher in evaluations".

Integrating societal impact in a research strategy

27th – 29th November, Oslo

LEARNING ACTIVITY

10 MINUTES

INDIVIDUALLY

Describe your
organisation's/programme's
intended impacts

LEARNING ACTIVITY

10 MINUTES

INDIVIDUALLY

Identify 3 KPI's and data sources for
your organisation/programme

UP NEXT....

**Case Study Session 4:
Presentations of Participants**

Coffee/tea break

We will start again at 11.30

REVIEWING THE CASE

What were the 3 main discussion points within your group while preparing the impact strategy

AND THE WINNER IS...

ARE YOU READY?

Which questions or expectations
(stated on the first day or
emerged during the course) do
you have left???

NEXT STEPS

Actionables:

What will you do on Monday

Thank you for your participation in
the AESIS Winter Course 2019!
